What is a Project Closure Report?

A Project Closure Report is a document which formalizes the closure of the project. It provides confirmation that the criteria for customer acceptance have been met and requests sign-off from the Project Sponsor to close the project.

A Project Closure Report includes:

- *A formal list of completion criteria*
- *Confirmation that each completion criterion has been met*
- *A list of outstanding business activities, risks and issues*
- *A set of closure actions (to hand over project deliverables / documentation, terminate suppliers, release resources and undertake closure communication)*
- *A request for project closure approval.*

When to use a Project Closure Report

A Project Closure Report is undertaken at the start of the Project Closure phase (i.e. after the end of the Project Execution phase). The document is usually prepared by the Project Manager and presented to the Project Sponsor for sign-off. Following sign-off, a suite of closure activities is undertaken to formally close the project. After these activities have been completed, a Post Implementation Review is undertaken to measure the success of the project and identify lessons learnt for future projects.

How to use this template

This document provides a guide on the topics usually included in a Project Closure Report. Sections may be added, removed or redefined at your leisure to meet your particular business circumstance. Example tables, diagrams and charts have been added (where suitable) to provide further guidance on how to complete each relevant section.

1 Project Completion

This section identifies the criteria required to complete the project and any outstanding items which still need to be undertaken even though the project may be ready for completion.

1.1 Completion Criteria

List the criteria which must be met to confirm that the project is completed. For each criteria listed, assess whether or not it has been achieved to the satisfaction of the customer.

Category	Criteria	Achieved
Objectives	• The project 'vision' has been achieved (as defined in the Terms of Reference) • All project objectives have been achieved (as defined in the Terms of Reference) •	*Y*
Benefits	• The full benefits have been realized (as defined in the Business Case) •	*Y*
Deliverables	• All deliverables have been completed (as defined in the Terms of Reference) • All deliverables have been accepted by the customer (as per the Acceptance Plan) •	*Y*
coach access and scheduling	• Coach can connect, create and manage sessions	*Y*
user access and subscription	• Users can connect, create an account, subscribe to gym sessions	*Y*

1.2 Outstanding Items

List any outstanding items which still need to be undertaken even though the project has satisfied the above completion criteria. For each item, list the actions required to be undertaken and the Owner responsible for undertaking the action.

Item	Action	Owner
Activities	*Pagination, refresh token usage, payment and credit display*	*Daniel Ramirez*
Risks	*Refunds, litigation not handled*	*Adel Mjerissi*
Issues	*Credit usage on session subscription and limit on minimal payment of 50 cents*	*Adel Mejrissi*

2 Project Closure

This section outlines the next steps required to perform the closure of the project. This includes the handover of deliverables and documentation to the customer, the termination of supplier contracts, the release of project resource back to the business (or the marketplace) and the communication to all stakeholders that the project is now formally closed.

2.1 Deliverables

Identify a hand-over plan for the release of all project deliverables to the customer. An example follows:

Deliverable	Current		New		Hand-over Plan		
Type	Owner	Location	Owner	Location	Activities	Date	Owner
Source code (frontend, backend)	Daniel Ramirez	GitHub repo	Gym Manager	Company server	Handover code, deployment support, documentation	[date]	Daniel Ramirez
Database (PostgreSQL)	Adel Mejriss	Cloud server	Gym Manager	Company server	Export database, provide access credentials, documentation	[date]	Adel Mejriss
Stripe payment integration	Daniel Ramirez	GitHub repo	Gym Manager	Company server	Handover API keys, payment docs, support	[date]	Daniel Ramirez
Docker/Podman containers	Adel Mejriss	Local/Cloud	Gym Manager	Company server	Provide container images, deployment instructions	[date]	Adel Mejriss
User documentation	Daniel Ramirez	Project docs	Gym Manager	Company docs	Handover user guides, admin manuals	[date]	Daniel Ramirez

2.2 Documentation

Identify a hand-over plan for the release of all project documentation to the customer. An example follows:

Documentation	Current		New		Hand-over Plan		
Type	Owner	Location	Owner	Location	Activities	Date	Owner
Project initiation docs	Daniel Ramirez	Project folder	Gym Manager	Company docs	Email docs, explain contents	[date]	Daniel Ramirez
Project planning docs	Adel Mejriss	Project folder	Gym Manager	Company docs	Email docs, explain contents	[date]	Adel Mejriss
Project execution docs	Daniel Ramirez	Project folder	Gym Manager	Company docs	Email docs, explain contents	[date]	Daniel Ramirez
Lessons learned	Daniel Ramirez	Project folder	Gym Manager	Company docs	Email docs, explain contents	[date]	Daniel Ramirez

2.3 Communication

Identify a plan to communicate the project closure to all stakeholders and interested parties. An example follows:

Target Audience	Intended Message	Method Used	Dispatch Date	Dispatch Owner
Gym Manager	Project has been successfully completed and is now closed. Benefits realized: easier gym management, secure payments, lessons learned.	Email and formal letter, post-implementation review	[date]	Daniel Ramirez
Team Members	Project closure, thanks for collaboration, lessons learned	Email	[date]	Daniel Ramirez
Stakeholders	Project closed, benefits realized, lessons learned	Email, presentation	[date]	Daniel Ramirez

3 Approval

Name: _____

Role: _____

Signature: _____

Date: ___ / ___ / ___

By signing this document, I grant approval to formally close this project and complete the hand-over activities as described above.

4 Appendix

4.1 Supporting Documentation

Attach any documentation you believe is relevant to the Project Closure Report. Examples include:

- Project documentation generated to date (e.g. Business Case, Feasibility Study, Terms of Reference, Project Plan, Resource Plan, Financial Plan, Quality Plan or Acceptance Plan) which relates to the project closure criteria specified
- Other relevant information or correspondence.
